Summary

Software Engineering graduate with a strong focus on frontend development using React and Next.js. Experienced in building scalable, reusable user interfaces and integrating RESTful APIs within collaborative Agile environments. Proven ability to contribute to production-ready applications and academic projects, with a solid foundation in full-stack development and modern engineering practices.

Education

BS **Universidad Regional Autónoma de los Andes (UNIANDES)**, Software Engineering — Ambato, Ecuador
Nov 2020 – Mar 2025

Experience

Universidad Regional Autónoma de los Andes (UNIANDES), Full Stack Developer Intern, Community Banking App — Ecuador
Apr 2024 – May 2024
2 months

- Developed and maintained a full-stack institutional application used by 200+ users
- Built reusable UI components using React functional components and hooks
- Integrated REST APIs to deliver dynamic and responsive data-driven interfaces
- Collaborated with academic staff and technical teams in an Agile environment
- Applied clean code principles and basic state management practices

B1 Soft Latin America, Frontend Developer Intern — Latin America
July 2022 – July 2023
1 year 1 month

- Developed responsive and modular UI components using React.js, HTML, CSS, and Bootstrap
- Participated in Agile (Scrum) workflows, contributing to bug fixing and feature improvements
- Collaborated with multidisciplinary teams to enhance frontend architecture and usability
- Contributed to codebase maintainability through reusable component design

Skills

Programming Languages: JavaScript (ES6+), TypeScript, SQL

Frontend Development: React.js, Next.js,, CSS3, TailwindCSS, Bootstrap

Backend Development: Node.js, Express, REST APIs, Python

Databases: PostgreSQL, MySQL, MongoDB

Tools & Workflow: Git, GitHub, Vercel, Render, Docker

Methodologies: Agile, Scrum

Languages

English – B2 (Professional Working Proficiency) Spanish – Native

Certifications

- Front-End Web Development Specialization - Udemy (2024)
- JavaScript From Zero with NodeJS - Udemy (2023)
- Complete Web Development Course - Udemy (2022)
